

... Here is your copy of "CALUMET", the history of the 1263rd Engineer Combat Battalion, which was printed in Munich, Germany after your date of shipment.

Due to the impracticability of handling money in payment for the book in the future, we suggest you drop a check for one dollar to the American Red Cross, should you desire to make some remuneration for this copy.

We hope "CALUMET" pleases you and that it revives only the pleasant memories of your army career.

Sincerely yours,
"THE STAFF"
