Dear Ruben

I have got your last letter from the 16<sup>th</sup> and 27<sup>th</sup> and have already sent you an answer. I am glad that you have received another parcel and a letter. From Palestine I got the last letter from you. Please let me know if you received

letters from Palestine lately. I can inform you that I am well and hope to hear the same from you and dear parents. I indeed find a picture showing me and some of my comrades in our working camp. I hope to hear some more from you and remain with best regards your brother. Kindest regards to the parents and Sally.
