Mr. Werner Schleyer: -

Dear Sir: -

Was indeed surprised
when your letter reached
me and can well under-
stand the reason -

I have a good idea about
Conditions there and will
certainly try to help you
all I can -

I remember you and your
Sister very well - also your
Mother and Grandfather
(my Uncle) and am sure

Feb. 13th - 1938 - P.S. Answer quickly

-111-

yours - but you must write
me more particulars - your
Birthday - your parents names
and birthdays also your
brothers and sisters names
and ages, the city where all of
them were born etc - in fact
anything at all that I can
use to fill in - it is very
important - so please
do so as soon as possible
and mail all data to me
then I will do the rest.

You are mistaken about
Mrs. Frank being a relative
of ours - she was the Sister

of an Aunt of ours by
marriage - having died
about 3 years ago -

I must tell you though
conditions are not very
good here right now - so
very many people out of
employment - you probably
will not be able to find
any thing in your line
right away - so you must
be willing to take whatever
position you will be able to
get - I hope you fully realize
this - otherwise it would be
better for you to stay where you
are - Until I hear from
I remain cordially yours
Florence B. Lee
