25 June 1944
Sunday

Dear Sis & Bro,

Haven't heard from you in some time, but it is quite possible that you did not get my last letter yet due to the hold-up on mail from here to the states just prior to D-Day.

Hope that you both are well and that work is not too rushing. Are you both working yet or have you quit, Sis?

Do you see Shirley & Laura often?

Gosh, it must be swell there now that Summer has come again. It is very nice here now. The countryside is so beautiful and so peaceful looking that one would never know that a War is being fought a few hundred miles away.

Am enclosing a picture of myself taken the 12th of June. Hope you like it.

Write soon, and more often. Lots of love.
